#### A Real Estate Show is Born!

The first of its kind in Toronto and Calgary, REDEX brings real estate developers (and related businesses), agents and speakers together under one roof to showcase their inventory to the Canadian marketplace. Its purpose is to give investees "the knowledge they require to live their dreams without having to do a lot of their own research, incur unnecessary expense, frequent delays or other extensive travel inconveniences," Goodman explains.

These Expo's will create a one-stop shopping for International real estate and bring together developers and serious prospects that are ready to make buying decisions. The economy in Canada is very strong and Canadians are actively searching for and buying international properties and products in order to take advantage of their soaring dollar.

Take this opportunity not only to present your properties to a targeted market but to also build relationships with other developers and related businesses as well as with the investors who are attending the events.

**Details & Highlights** - Saturday, February 4th & Sunday, February 5th, 2012, 10:00 am until 5:00 pm, investees across the Greater Toronto Area and beyond are conveniently and comfortably invited to venture to The Sheraton Toronto Airport Conference Centre and directly interface with developers from all over, property managers, and so many more - all on-hand to answer their questions.

For Western Canadians (the second largest Canadian travel & vacation property investors group) the show will take place in Calgary, Feb. 11<sup>th</sup> & 12<sup>th</sup> at The Downtown Ramada Hotel.

Our PR Firm has begun promoting the events as well as the speakers. They are seasoned professionals with the Toronto and Calgary markets. As all the details come up, we will be posting the information on the website and plan to keep all of our exhibitors in the loop as to what is going on, when and how.

We will be **targeting** to have 4000+ interested investors attend but our reach will be more significant than that. We are utilizing all available Social Media tools, which are unlimited in their reach; Facebook, LinkedIn, Twitter, Blogs, Affiliates, Partners, YouTube, Meetup as well as database emailing. Media sources like TV, Radio, and Newspapers and more, have been incorporated into the Media Promotion Plan.

Don't miss our lineup of educational speakers as well as an interactive panel where our attendees can be part of a Q & A that is directly benefits them.

Sincerely,

Randi Goodman
